

ROBOTIC SURGERY. BETTER OUTCOMES. POWERED BY YOU.

LEARN MORE @
[HEALTHCARELIVES.CA](https://healthcarelives.ca)

YOUR GENEROSITY DRIVES INNOVATION AT HUMBER RIVER.

By supporting advancements like robotic surgery, our donors ensure we can provide even *more* patients with the best possible care. Robotics mean:

- > Surgery is less invasive
- > Recovery is quicker
- > Patients go home sooner

THIS WOULDN'T BE POSSIBLE WITHOUT YOU.

Most robotic surgery is not government-funded. And while not every surgery requires robotics, **every patient benefits** from having the best tools available when it matters most.
